

is_prefix_bad

```
graph LR; A[is_prefix_bad] --> B[inat_get_opcode_attribute]
```

A diagram showing a call from a function to another function. On the left, a gray rectangular box contains the text 'is_prefix_bad'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'inat_get_opcode_attribute'.

inat_get_opcode_attribute
