

bdev_alignment_offset

bdev_discard_alignment

bdev_is_partition

```
graph LR; A[bdev_alignment_offset] --> C[bdev_is_partition]; B[bdev_discard_alignment] --> C;
```

The diagram consists of three rectangular boxes. On the left, there are two boxes stacked vertically. The top box contains the text 'bdev_alignment_offset' and the bottom box contains 'bdev_discard_alignment'. Both boxes have a black border and a white background. On the right, there is a single box containing the text 'bdev_is_partition'. This box also has a black border but has a light gray fill. Two blue arrows originate from the right side of the left boxes and point towards the left side of the right box. The top arrow starts from the right side of the 'bdev_alignment_offset' box and points to the upper part of the 'bdev_is_partition' box. The bottom arrow starts from the right side of the 'bdev_discard_alignment' box and points to the lower part of the 'bdev_is_partition' box.
