

inode_storage_map_alloc

task_storage_map_alloc

bpf_local_storage_cache
_idx_get

```
graph LR; A[inode_storage_map_alloc] --> C[bpf_local_storage_cache_idx_get]; B[task_storage_map_alloc] --> C;
```

The diagram illustrates a data flow or dependency. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'inode_storage_map_alloc' and the bottom box contains 'task_storage_map_alloc'. Two blue arrows originate from the right side of these boxes and point towards a single gray rectangular box with a black border on the right. This gray box contains the text 'bpf_local_storage_cache' on the top line and '_idx_get' on the bottom line.
