```

The diagram illustrates a functional dependency where two separate functions, `cs5535_mfgpt_release_irq` and `cs5535_mfgpt_setup_irq`, both serve as inputs to a single function, `cs5535_mfgpt_set_irq`. The target function is highlighted with a gray background, while the source functions have white backgrounds. Blue arrows indicate the direction of the flow from the source functions to the target function.
