

include/acpi/video.h

```
graph TD; A[include/acpi/video.h] --> B[linux/errno.h]; A --> C[linux/types.h];
```

The diagram illustrates a header file dependency. A central box at the top, labeled 'include/acpi/video.h', has two blue arrows pointing downwards to two separate boxes below it. The left box is labeled 'linux/errno.h' and the right box is labeled 'linux/types.h'. This indicates that the 'include/acpi/video.h' header file includes both 'linux/errno.h' and 'linux/types.h'.

linux/errno.h

linux/types.h
