

native_init_IRQ

```
graph LR; A[native_init_IRQ] --> B[idt_setup_apic_and_irq_gates];
```

A flow diagram consisting of two rectangular boxes connected by a horizontal arrow. The left box is white with a black border and contains the text 'native_init_IRQ'. A dark blue arrow points from the right side of this box to the left side of a second box. The second box is gray with a black border and contains the text 'idt_setup_apic_and_irq_gates' on two lines.
