

irq_chip_compose_msi_msg

```
graph LR; A[irq_chip_compose_msi_msg] --> B[irqd_get_parent_data]
```

A diagram showing a call from the function `irq_chip_compose_msi_msg` to the function `irqd_get_parent_data`. The first function is in a grey box, and the second is in a white box, connected by a blue arrow.

irqd_get_parent_data
