

array_map_mmap

ringbuf_map_mmap

remap_vmalloc_range

```
graph LR; A[array_map_mmap] --> C[remap_vmalloc_range]; B[ringbuf_map_mmap] --> C;
```

The diagram consists of three rectangular boxes. On the left, there are two boxes stacked vertically. The top box is labeled 'array_map_mmap' and the bottom box is labeled 'ringbuf_map_mmap'. Both boxes have a black border and a white background. On the right, there is a single box labeled 'remap_vmalloc_range'. This box also has a black border but has a light gray fill. Two blue arrows point from the right side of the left boxes to the left side of the right box. The top arrow originates from the right side of the 'array_map_mmap' box, and the bottom arrow originates from the right side of the 'ringbuf_map_mmap' box. Both arrows converge towards the left side of the 'remap_vmalloc_range' box.
