

clear_foreign_p2m_mapping

set_foreign_p2m_mapping

HYPERVISOR_grant_table_op

```
graph LR; A[clear_foreign_p2m_mapping] --> C[HYPERVISOR_grant_table_op]; B[set_foreign_p2m_mapping] --> C;
```

The diagram illustrates a mapping from two functions to a single operation. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'clear_foreign_p2m_mapping' and the bottom box contains 'set_foreign_p2m_mapping'. On the right, there is a gray rectangular box with a black border containing the text 'HYPERVISOR_grant_table_op'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both functions are associated with or lead to the 'HYPERVISOR_grant_table_op' operation.
