

emulator_writeback
_register_cache

```
graph LR; A[emulator_writeback_register_cache] --> B[writeback_registers]
```

A diagram showing a relationship between two data structures. On the left is a gray rectangular box with a black border containing the text 'emulator_writeback_register_cache'. A blue arrow points from the right side of this box to a white rectangular box with a black border on the right, which contains the text 'writeback_registers'.
