

file_fdatawait_range

file_write_and_wait
_range

file_check_and_advance
_wb_err

```
graph LR; A[file_fdatawait_range] --> C[file_check_and_advance_wb_err]; B[file_write_and_wait_range] --> C;
```

The diagram consists of three rectangular boxes. On the left, there are two white boxes with black borders. The top box contains the text 'file_fdatawait_range'. The bottom box contains the text 'file_write_and_wait' followed by a new line and '_range'. On the right, there is a single gray box with a black border containing the text 'file_check_and_advance' followed by a new line and '_wb_err'. Two blue arrows point from the right side of the top-left box to the left side of the gray box, and from the right side of the bottom-left box to the left side of the gray box.
