

nand_is_slc

```
graph LR; A[nand_is_slc] --> B[nanddev_bits_per_cell]
```

A diagram showing a dependency. On the left, a gray rectangular box contains the text 'nand_is_slc'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'nanddev_bits_per_cell'. Both boxes have a black border.
