

scmi_voltage_info

```
graph BT; A[scmi_voltage_proto_ops] -.->|info_get| B[scmi_voltage_info];
```

The diagram illustrates a dependency between two data structures. At the bottom is a grey rectangular box labeled 'scmi_voltage_proto_ops'. A dashed purple arrow points upwards from this box to a white rectangular box at the top labeled 'scmi_voltage_info'. The arrow is labeled 'info_get' on its right side, indicating that the 'scmi_voltage_proto_ops' structure provides the 'info_get' function to the 'scmi_voltage_info' structure.
