

tsc_cs_enable

```
graph LR; A[tsc_cs_enable] --> B[vclocks_set_used]
```

A diagram showing a dependency. On the left, a gray rectangular box contains the text 'tsc_cs_enable'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'vclocks_set_used'. Both boxes have a black border.
