

read_emulate

```
graph LR; read_emulate[read_emulate] --> kvm_vcpu_read_guest[kvm_vcpu_read_guest]
```

A diagram showing a function call. On the left, a gray rectangular box contains the text 'read_emulate'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'kvm_vcpu_read_guest'. Both boxes have a black border.

kvm_vcpu_read_guest
